A/R.6.001	P&C Contribution to Organisational Review Mileage Saving	As part of the Organisational Review (C/R.6.102) a cross cutting review of mileage allowances in 2017-18 was undertaken and areas where mileage could be reduced without impacting front line services were identified.	P&C Cross Committee	0	-63	0	0	0	-63	-63	0	0	0	-63	0	Yes	0.00	Green	↔	Budget reduced in budget prep - but reliant on savings to mileage budgets being ongoing.	0		
A/R.6.111	Physical Disabilities - Supporting people with physical disabilities to live more independently and be funded appropriately	In line with the Council's commitment to promote independence, work will be undertaken to establish more creative ways to meet the needs of people with physical disability. This will include making better use of early help, community support and building on community and family support networks. It will also include work with the NHS to ensure health-funding arrangements are appropriate.	Adults	0	-110	-110	-110	-110	-440	-110	-110	-110	-110	-440	0	0	0.00	Green	↔	On track	0		
A/R.6.114	Learning Disabilities - Increasing independence and resilience when meeting the needs of people with learning disabilities	Continuing the existing programme of service user care reassessments which requires each person's care needs to be reassessed in line with the Transforming Lives model and with the revised policy framework with a view to identifying ways to meet needs in the most appropriate way	Adults	786	-1,706	-464	-465	-465	-3,100	-1,409	-328	-127	-154	-2,018	1,082	0	34.90	Red	↑	A refreshed scoping of potential savings was undertaken, and this work took into account previous experiences around the complexity and the level of challenge which impact on the pace at which savings could be delivered. There was also a challenging round of fee uplift negotiations requiring officer input - these two aspects have resulted in the shortfall in savings. Partially mitigated through a new funnel saving (shown separately) - an £858k surplus realised against the 2018/19 budget allocation for provider inflation, further to fee uplift negotiation undertaken by the Project Assessment Team	Savings will be made on health elements of care packages as well, providing savings to the CCG		
A/R.6.115	Retendering for domiciliary care for people with learning disabilities	Part-year savings were delivered in 2017/18 through retendering domiciliary care contracts, effective from 1 November 2017. The remaining effect of this saving will be delivered in 2018/19.	Adults	0	-100	0	0	0	-100	0	-100	0	0	-100	0	Yes	0.00	Green	↔	On track	0		
A/R.6.122	Transforming Learning Disability In-House & Day Care Services	Developing a model of day opportunities for people with learning disabilities that is focused on enabling progression and skills development, supporting people with LD into employment where appropriate. A/R.6.126	Learning Disability - Converting Residential Provision to Supported Living	This is an opportunity to de-register a number of residential homes for people with learning disabilities and change the service model to supported living. Adults	0	-400	-394	0	0	-794	-25	0	0	-143	-168	626	0	78.84	Red	↔	Having better appreciation with level of stakeholder input in the last financial year has resulted in a better forecast in this complex and very volatile area. The process has a set timescale with a number of dependencies that can affect delivery and phasing.	Savings will be made on health elements of care packages as well, providing savings to the CCG.		
A/R.6.127	Care in Cambridgeshire for People with Learning Disabilities	Work to enable people with learning disabilities who have been placed 'out of county' to move closer to their family by identifying an alternative placement which is closer to home. A/R.6.129	Russell Street Learning Disability Provision Re-design	Provide the existing permanent residential provision through an external provider as a supported living project and develop a traded in-house service that can respond to immediate needs for carer and support using the vacated residential provision.	Adults	0	0	0	-70	0	-70	0	0	0	0	0	70	0	100.00	Black	↓	Changes to Russel St were not possible in 18/19. Due to pressures across the system and the need to use relief staff and agency staff to provide statutory care, mitigations within the service could not be identified and there was a pressure at year end of £70k.	0		
A/R.6.132	Mental Health Demand Management	The programme of work to transform the social care offer for adults and older people with mental health needs will deliver savings totalling £400k through a combination of demand management, staffing restructures, strategic commissioning and ensuring people receive appropriate health funding. A/R.6.214	Total Transport - Home to School Transport (Special) - Moving towards personal budgets	Personal Transport Budgets (PTBs) are discretionary payments to parents/carers of children eligible for home to school transport in exchange for full responsibility for transporting them safely to and from school. By increasing the uptake of PTBs, through targeting high cost journeys, revisiting the payment terms, improving the approval processes, and better engagement with children and parents about PTBs, this project will achieve efficiencies in the transport provided. A/R.6.224	Children's Centres - Building a new service delivery model for Cambridgeshire Communities	We want every child in Cambridgeshire to thrive and will target our prioritised targeted services for vulnerable children and young people. As an integral part of the Early Help Offer, our redesigned services will provide support to families when they really need them. We will provide a range of flexible services that are not restricted to delivery from children's centre buildings, in order to provide access to services when they are needed. We will also work in a more integrated way with partners across the 0-19 Healthy Child Programme, to provide comprehensive targeted support to vulnerable families. All of this will be supported by an effective on line resource tool as part of an improved on line offer for families. The saving will be achieved by re-purposing some existing children's centre buildings and streamlining both our management infrastructure and back office, associated service running and overhead costs. We intend to maintain the current level of front line delivery. A total saving of £900k is planned, with £249k from Buildings and Infrastructure costs. Of the £249k saving, £128k will be attributable to annual running costs of internally managed buildings. As this element of the budget is held by Corporate and Managed Services, this element of the total saving is therefore shown in Table 3 for Corporate and Managed Services, business plan reference F/R.6.110	Childrens	0	0	0	0	0	-772	-772	0	0	0	-772	0	0	0.00	Green	↑	On track	0

A/R.6.253	LAC Placement Budget Savings	Savings will be delivered through a number of workstreams as well as working to reduce the number of children in care and improve the placement composition between in house and more expensive external placements. Individual pieces of work that are likely to have a positive impact on the placements budget include: • Significantly increasing the number of in house fostering placements to reduce reliance on the more costly independent fostering placements; • Reduce the length of time in care by ensuring looked after children are matched for permanence or reunified home where possible and increasing the use of Special Guardianship Order; • The new 'Hub Model' which consists of multi-disciplinary integrated teams will focus on supporting young people to remain living at home or in their family network. Where they cannot remain at home the team will continue to support them in appropriate accommodation and where possible work to rehabilitate them home; • Review the accommodation available for young people aged 16+ to ensure that it meets their needs and offers value for money; • Ensure that fees are negotiated on high cost and emergency placements; • The new Enhanced Intervention Service for Disabled Children - helping families stay together; • Earlier and wider use of systemic family meetings to identify family solutions which avoid the need for children to be accommodated in care; • Using link workers in CPFT to reduce the impact of parental mental health in risk to children. E/R.6.033	Recommissioning Drug & Alcohol Treatment Services	Savings will be secured through the re-commissioning of the Cambridgeshire Adult Drug and Alcohol Treatment Services, which will enable transformational changes. The Drug and Alcohol Treatment Services are currently commissioned as separate services but from the same provider, and the integration of drug and alcohol services through a planned formal contractual arrangement will afford efficiency savings. The Drugs and Alcohol Joint Strategic Needs Assessment, (2016) indicated changes in needs requiring a new service model. Notably an aging long-term drug using population that enter and re-enter the Service may have complex health and social problems. These clients do not require intensive acute drug treatment services but more cost effective support services to ensure that they have good mental & physical health and other support needs. There will be a focus on recovery using cost-effective peer support models to avoid readmission	Health	0	0	0	-77	-77	-154	0	0	-77	-77	-154	0	Yes	0.00	Green	↔	Has been achieved through retendering of Drug & Alcohol contract from 1st October 2018	0
E/R.6.034	Sexual Health Services - Changes to Delivery Model	There are proposals to transform aspects of the model of delivery for sexual health services, firstly through moving to online screening and postal samples for low risk patients who do not have symptoms of infection. Secondly through reviewing the 'hub and spoke' model for sexual health clinics, as many patients prefer to use the 'hubs' and there is low attendance at some 'spoke' clinics. Thirdly through providing oral contraception to low risk patients who are registered with a GP for one year only and then referring back to their GP. E/R.6.038	Decreased demand for Stop Smoking Services	This proposal is for a saving of £28k to be made from stop smoking services. In recent years there have been decreased costs created from a fall in demand for services associated with the use of e-cigarettes and a smaller number of people who smoke in the county. The savings are because GPs and community pharmacists who provide the service are paid for each person they support to stop smoking and in addition an associated reduction in costs of medications which the majority of smokers use when they are making a quit attempt. This funding was originally allocated to an evidence based pilot harm reduction project. This aimed to support smokers from high risk groups in Fenland to quit by extending the period when support was provided for stopping smoking. The pilot however was unable to recruit sufficient numbers of smokers and it was discontinued. F/R.6.110	Children's Centres - Building a new service delivery model for Cambridgeshire Communities	We want every child in Cambridgeshire to thrive and will target our prioritised targeted services for vulnerable children and young people. As an integral part of the Early Help Offer, our redesigned services will provide support to families when they really need them. We will provide a range of flexible services that are not restricted to delivery from children's centre buildings, in order to provide access to services when they are needed. We will also work in a more integrated way with partners across the 0-19 Healthy Child Programme, to provide comprehensive targeted support to vulnerable families. All of this will be supported by an effective on line resource tool as part of an improved on line offer for families. The saving will be achieved by re-purposing some existing children's centre buildings and streamlining both our management infrastructure and back office, associated service running and overhead costs. We intend to maintain the current level of front line delivery. A total saving of £900k is planned, with £249k from Buildings and Infrastructure costs.
